

Next GEN

Chemicals & Petrochemicals
Summit 2021 *Moving In The Big League*
Oct. 7-8, 2021 | Virtual Event

POST SHOW REPORT

The first edition of NextGen Chemicals & Petrochemicals Summit 2021 Virtual Event gathered **4,000+** registrations from **550+** organizations in **40+** countries around the globe. **75%** hailed from major towns and cities from India. The event attrition rate was low with 65% of registered attendees attending the event live. **51% of attendees spent 10 or more hours on the virtual event platform**, and **over 68% of attendees spent 4 or more hours** on the platform. **95%** speakers from different time zones participated in **live** proceedings of the virtual conference sessions.

Feedback from attendees was positive, with an overall average satisfaction rating of over 95%. 97% said they plan to attend a future NextGen Chemicals & Petrochemicals Summit, and 94% said they would recommend it to a friend or colleague.

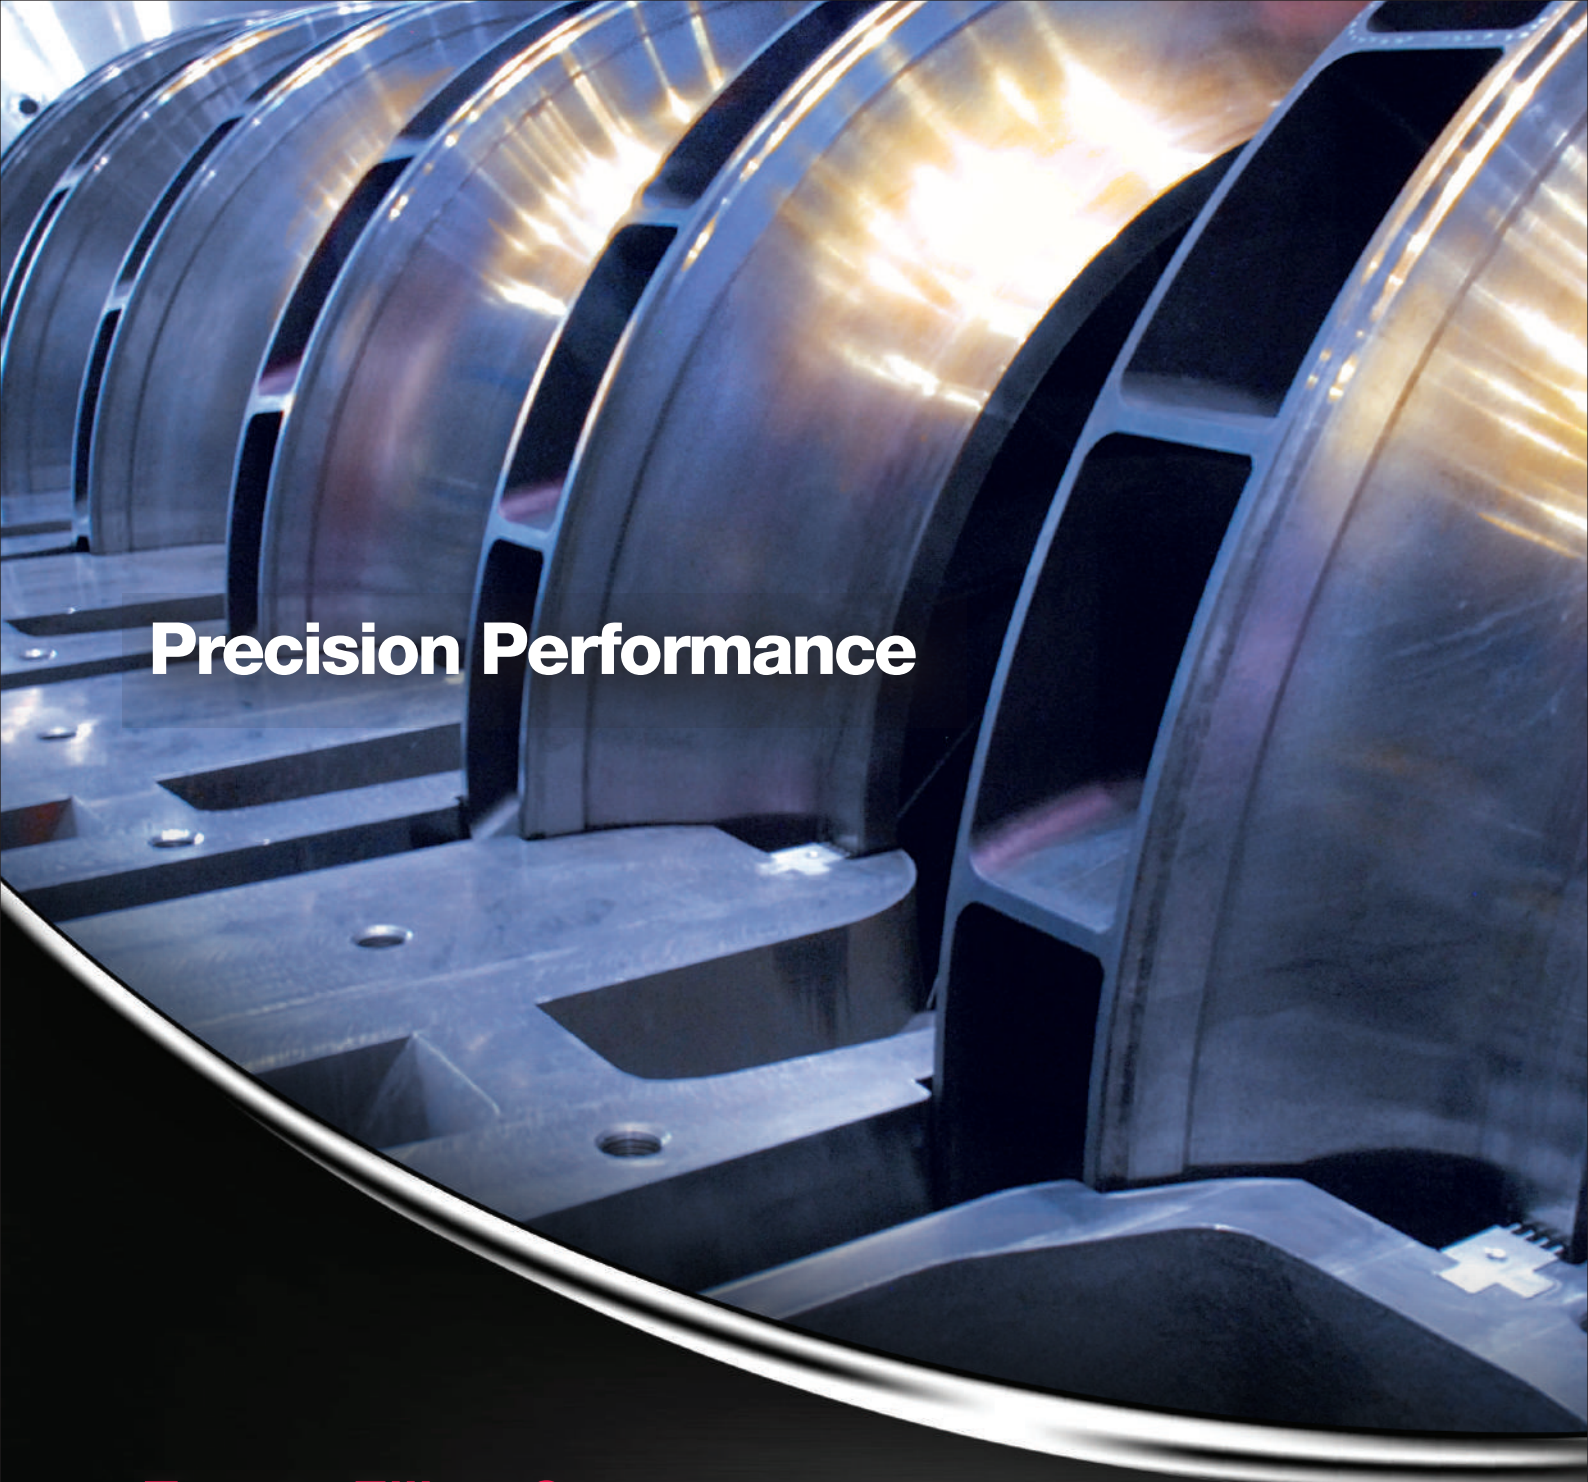

This year's event attracted an incredible mix of attendees from across the global chemicals and petrochemicals eco-system.

Attendees came from a range of industry sectors including Chemicals, Petrochemicals, Gas and Pharmaceuticals. Over 35% were from Indian chemical companies

Attendee job functions included: CXO / ED, VP / SVP / GM, Director, Manager, Product and Business Development. 35% of attendees were in technical positions.

Attendees hailed from around the globe with the majority attending from:

- India
- USA
- Europe
- Asia-Pacific
- Middle-East

Precision Performance

Turn to Elliott Group for performance you can trust.

From distillation through production, Elliott centrifugal compressors are on the job in refineries and petrochemical plants around the globe. Customers choose Elliott for state-of-the-art performance in a diverse range of gas compression and processing applications. Who will you turn to?

One Stop Solution for **Chemical** Processing Needs

**Leading Solution Provider
in Grinding, Powder
Handling and Clean Air
Technology**

PNEUMATIC CONVEYING SYSTEM

AIR CLASSIFYING MILL

POWTRAN®

BAG FILTER

Our Features

- ✦ Expertise in handling hazardous materials with explosion protection devices
- ✦ Closed loop nitrogen operated grinding and conveying system
- ✦ Cryogenic grinding and conveying
- ✦ Our solutions comply with ATEX, CMRI and PESO certifications as per hazardous zone classifications
- ✦ High pressure equipment's designed to sustain explosion pressure
- ✦ GMP Grade equipment's
- ✦ Can provide specialised coatings and linings for better corrosion resistance

EMAILERS

Next Gen Chemicals & Petrochemicals Summit 2021
Oct. 7-8, 2021 | Virtual Event

Key Thematic Sessions

- Policy Changes To Make Indian Chemicals Industry Globally Attractive
- Organization and Industry R&D Accelerating the Pace
- Indian Chemicals Sector
- Manufacturing Driving Sustainable Growth
- Sustaining Chemicals Expanding its Footprint
- Sustainability: Better The Best
- Agrochemicals: Driving India's Deepening Imports
- Hydrogen: The Next Green Energy
- Pharmaceutical: Strengthening Correlation Between Chemical and Pharmaceutical

Who Should Attend

- CEOs/Chairmen
- Policy Makers/Decision Makers
- Senior Executives
- Logistics & Supply Chain Managers
- Academics
- IT & Technology Managers
- Industry Associations & Trade Bodies

Join the 1st Edition of Next Gen Chemicals & Petrochemicals Summit 2021
